

International Conference on

Traditional Medicine, Phytochemistry and Medicinal Plants

Date

October 15-17, 2018

Venue

HILTON NARITA
456 Kosuge Narita
CHIBA 286-0127 JAPAN

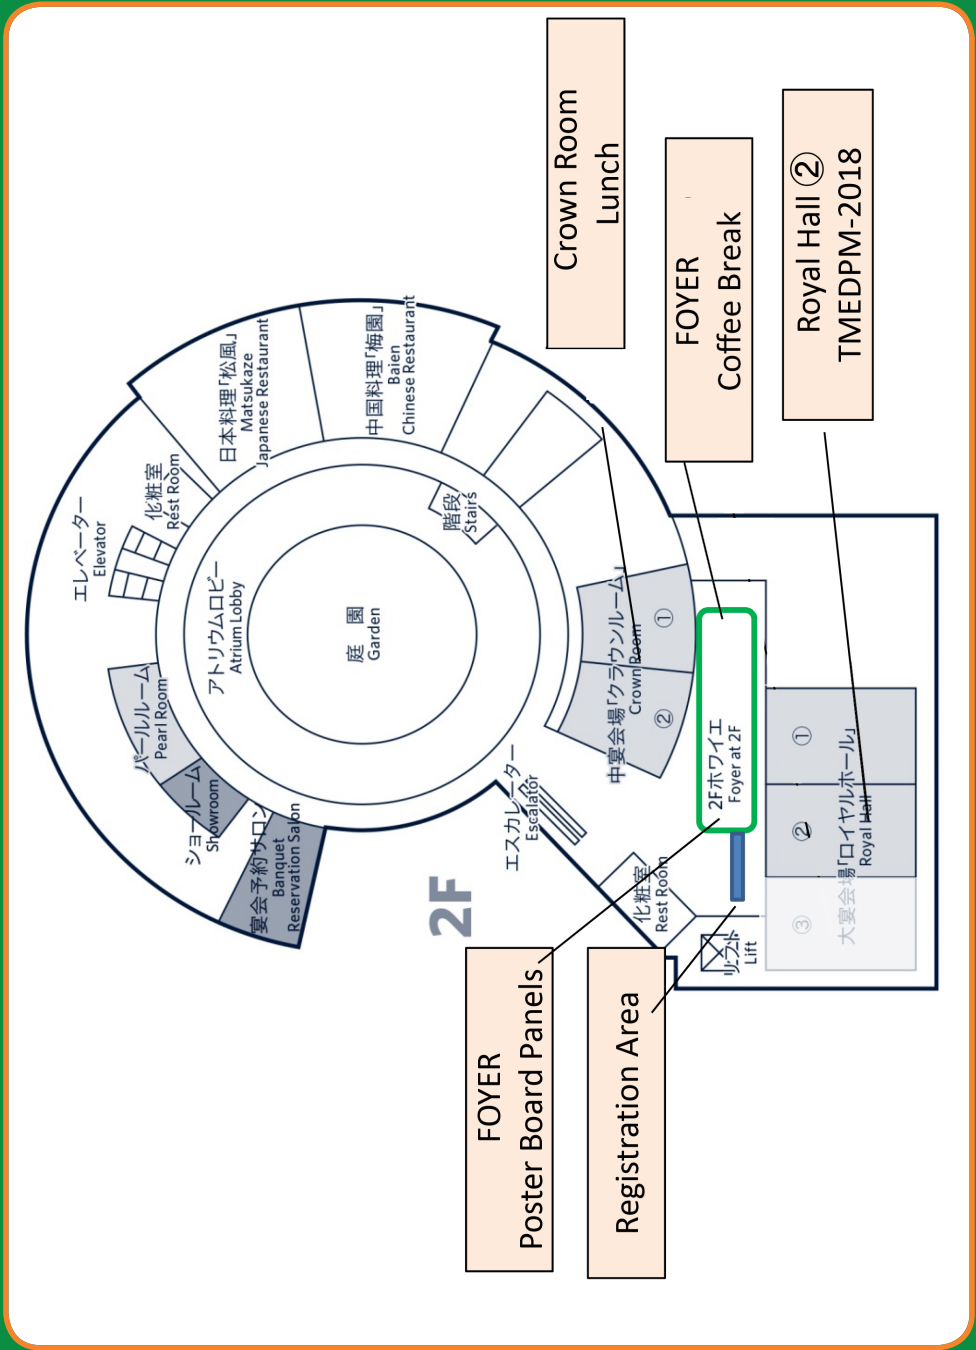

www.unitedscientificgroup.com/conferences/traditional-medicine-phytochemistry-and-medicinal-plants/

PROGRAM

TMedPM
2018

Venue Floor Plan

Monday, October 15

08:00-08:30 Registrations and Inauguration

Keynote Session

@ Royal Hall 2

08:30 Importance of Phytotherapy in Different Traditional Medicines - Case Study of Antimicrobial Effects

Rainer Stange, Immanuel Hospital, Germany

09:15 Malaria: The History and Promise of Natural Products as Antimalarial Agents

David G. I. Kingston, Virginia Tech, VA, USA

10:00 Coffee Break

@ Foyer Area

Session 1

@ Royal Hall 2

- Theories and Fundamentals of Traditional Medicine
- Acupuncture, Moxibustion and Cupping Therapy

Chair: *Arman Zargaran, Tehran University of Medical Sciences, Iran*

10:20 Harnessing Cultural Capital and the Regulated Practice of Traditional Practitioners in Allopathic Arena

Jennie R. Joe, University of Arizona, AZ, USA

10:40 The "Urheimische" Philosophy of Dr. Pandalis Refers in Particular to Humility and Respect for Creation

Peter W. Gundling, Dr. Pandalis Urheimische Medizin GmbH & Co. KG., Germany

11:05 Chinese Yam Extract and Adenosine Attenuated LPS Induced Cardiac Dysfunction by Inhibiting of RAS and Apoptosis via ER Mediated Activator of SHC/Ras/Raf1 Pathway

Mengnan Zeng, Henan University of Chinese Medicine, China

11:25 A Review on the Management of Migraine in the Avicenna's Canon of Medicine

Arman Zargaran, Tehran University of Medical Sciences, Iran

11:45 The Role of Persian Bath in Traditional Persian Medicine

Zahra Hatami, Tehran University of Medical Sciences, Iran

12:05 Application of Dulyapabbumbud Technique of Acupuncture in Varieties of Diseases and Chronic Pain

Dangjai Souvannakitti, Phramongkutklao College of Medicine, Thailand

Ladavan Souvannakitti, Institute of Dulyapabumbud, Thailand

12:25 Lunch

@ Crown Room

Session 2

@ Royal Hall 2

• Traditional Medicine: Clinical and Research Studies

Chair: *M. Nadir Sidiqi, BioNatural Healing College California, CA, USA*

13:15 Traditional Biogenic Medicine in Salzburg, Austria

Karin Buchart, University of Salzburg, Austria

13:35 Detoxification: Flushing the Human Body Toxins an Approach to Health and Well-being

M. Nadir Sidiqi, BioNatural Healing College California, CA, USA

13:55 Danggui Buxue Tang Attenuates Tubulointerstitial Fibrosis via Suppressing NLRP3 Inflammasome in a Rat Model of Unilateral Ureteral Obstruction

Linna Wang, Chinese PLA General Hospital, China

14:15 The Molecular Insights into the Multifunctional Effects of Ganoderma lucidum Extracts Against Cancer and Obesity-related Diseases

Xingya Wang, Zhejiang Chinese Medical University, China

14:35 Aldose Reductase Inhibitors of Plant Origin in the Treatment and Prevention of Fatty Liver Disease

Longxin Qiu, Longyan University, China

14:55 Influence of Traditional Medicine (Tandok and Tawak) on Marinduquenos' Knowledge, Attitudes and Practices on Handling Animal Bites

Benjamin O. Sosa III, University of the Philippines-Manila, Philippines

15:15 Anti-amyloidogenic Effect of Ethanol Extract from the Aerial Parts of *Mallotus japonicus* on β -amyloid Induced Memory Impairment in Alzheimer's Disease Mouse Model

Abinash Chandra Shrestha, Woosuk University, South Korea

15:35 Effect of EtOH Extract of *Chaenomeles sinensis* Fruit on the Metabolism of APP from APP^{swe} Overexpressing Neuro-2a Cell Line and Animal Model of Alzheimer's Disease

KIM Ju Eun, Woosuk University, South Korea

15:55 Quantification of Medicinal Plants used by Vhavenda, Limpopo Province, South Africa

Khathutshelo Magwede, University of Venda, South Africa

16:15 Networking Break

@ Foyer Area

Session 3

@ Royal Hall 2

- Homeopathy: Pharmacodynamics and Pharmacokinetics
 - Meta-bolomics approach in Phytochemistry and Medicinal Plants Research
-

Chairs: *Peter Tshisikhawe*, University of Venda, South Africa
Tass Holmes, The University of Melbourne, Australia

- 16:35** The Significance, for Community, of Group Bathing Rituals: Comparing Native American *Inipi* (sweat lodge) with Japanese Bathing Traditions, *Sento* or *Onsen*
Tass Holmes, The University of Melbourne, Australia
- 16:55** Ethnobotanical Profiling of Some of the Medicinal Plants used in Treatment of Inflammation
Peter Tshisikhawe, University of Venda, South Africa
- 17:15** Elevation of Triterpenoid Contents in Transgenic *Artemisia annua* L. Plants Resulted by Co-expression of Farnesyl Pyrophosphate Synthase (FPS) and Amorpha-4-11-diene Synthase (ADS) Genes
Darunmas Sankhuan, Mahidol University, Thailand
- 17:35** Effect of Nutrient Deficiency on Biochemical Components of *Peperomia pellucida* L. Kunth
Netiya Karaket, Mahidol University, Kanchanaburi Campus, Thailand

Tuesday, October 16

Session 4

@ Royal Hall 2

• Phytochemical Studies of Medicinal Plants

Chairs: **Joerg Lehmann**, Fraunhofer Institute for Cell Therapy and Immunology, Germany
Deepak Kumar Semwal, Uttarakhand Ayurved University, India

08:30 Therapeutic Efficacy of a Combined Sage and Bitter Apple Extract in Chronic DSS-induced *colitis*

Joerg Lehmann, Fraunhofer Institute for Cell Therapy and Immunology, Germany

08:50 The Genus *Huperzia* and its Lycopodium Alkaloids with Focus on *Huperzia selago*

Elin Soffia Olafsdottir, University of Iceland, Iceland

09:10 The Chemotherapeutic Value of *Astragalus membranaceus*: From its Total Saponins to Individual Isoflavonoids

Joshua Ko, Hong Kong Baptist University, Hong Kong

09:30 Therapeutic Effects of Phytochemicals Regulating the Activity of the Aryl Hydrocarbon Receptor in DSS-induced Colitis

Joerg Lehmann, Fraunhofer Institute for Cell Therapy and Immunology, Germany

09:50 Effects of Active Constituents of Ginger Inhibit Docetaxel Resistant Prostate Cancer Through Modulating Drug Resistance Factors

Chi-Ming Liu, Yichun University, China

10:10 Coffee Break

@ Foyer Area

10:25 Evaluation of the Effect of Papaya Leaf Extract on Platelets and Unraveling its Mechanism of Action Using Preclinical and Clinical Models

Deepak Kumar Semwal, Uttarakhand Ayurved University, India

10:45 *In vitro* Cultures of *Viola odorata* as Production Platforms of Known and Novel Cyclotides

Smita Srivastava, Indian Institute of Technology, Madras, India

11:05 Comparative Phytochemical Analysis of the Different Plant Parts as a Contribution to Sustainable use of Medicinal Plants: The Case of *Barleria dinteri*

Stanley Gololo, Sefako Makgatho Health Sciences University, South Africa

11:25 Phytochemical Variations Affected by Genetic Interferences and Modified Environments

Kanyaratt Supaibulwatana, Mahidol University, Thailand

- 11:45 Synthetic Cytokinin Regulated as Elicitor to Enhance Plant Secondary Metabolites in *Andrographis paniculata***
Phapawee Worakan, Mahidol University, Thailand
- 11:57 Study on Functionality of Aquatic Plants “Water Chestnut” and its Application to Health Foods and Cosmetics**
Midori Yasuda, Nishikyushu University, Japan
- 12:09 Biological Evaluation of the Rhizome Secondary Metabolites of *Cyperus articulatus* L. as a Potential Source of Ingredients for Drug Formulation**
Ayusman Swain, Indian Institute of Technology, Delhi, India

12:21 Lunch

@ Crown Room

Session 5

@ Royal Hall 2

- **Extraction, Isolation, and Structural Elucidation of Bioactive Components**
-

Chairs: **Vinesh Maharaj**, *University of Pretoria, South Africa*
Vidhu Aeri, *Jamia Hamdard Deemed University, India*

- 13:05 Creation of a Medicinal Plant Based Natural Product Library in South Africa**
Vinesh Maharaj, University of Pretoria, South Africa
- 13:25 Phytochemical and Pharmacological Studies of the Stem Bark and Fruits of *Celtis australis***
Ruchi Badoni Semwal, Government Postgraduate College, Rishikesh, India
- 13:45 Bioactivity Guided Isolation and Characterization of Iso-Pimarene from the Stem Bark of *Tecomella undulate* Seem**
Vidhu Aeri, Jamia Hamdard Deemed University, India
- 14:05 Identification of Secondary Metabolite (phyllanthin) in Callus Cultures of *Phyllanthus virgatus* G. Forst**
Mujeera Fathima, University of Madras, India
- 14:25 Crystallization and X-ray Diffraction of Trilobolide-6-O-isobutyrate from Crude Extracts of *Wedelia trilobata* (L.) Flower**
Watcharra Chintakovid, Mahidol University, Thailand
- 14:45 Bioactive Properties of a Desert Truffle and a Cultivated Mushroom Proteins Hydrolyzed by Gastrointestinal Proteases**
Parisa Farzaneh, Science and Research Branch, Islamic Azad University of Tehran, Iran
- 15:00 Supercritical Carbon Dioxide Extraction and GC/MS Analysis of Medical Plants in the South Pacific Islands**
Yuzuha Murata, Tokyo City University, Japan

15:15 **Gamma Sitosterol and Palmitic Acid Isolated from *Tournefortia hirsutissima* L. to Accelerate the Healing Process**

Gabriela Rivera Hernandez, Monterrey Institute of Technology and Higher Education, Mexico

15:30 **Anti-Inflammatory, Antioxidant and Phytochemical Studies of South African Medicinal Plants Traditionally Used in the Treatment of Sexually Transmitted Infections**

Lawal Fatimah, University of Pretoria, South Africa

15:45 **Synthesis and Characterization of Copper Nanoparticles Stabilized with *Quisqualis indica* Extract: Evaluation of its Cytotoxic and Apoptotic Potential in B16F10 Melanoma Cells**

Ria Mukhopadhyay, CSIR- Indian Institute of Chemical Biology, India

16:00 Networking Break**@ Foyer Area**

Session 6**@ Royal Hall 2**

- **Essential Oils and Aromatic Plants • Ayurveda, Siddha and Yoga**
 - **Cultivation, Conservation and Propagation of Medicinal Plants**
-

Chairs: *Holger Jentsch, University of Leipzig, Germany*
Mark Moss, Northumbria University, United Kingdom

16:15 **Rosemary – An Herb to Remember**

Mark Moss, Northumbria University, United Kingdom

16:35 **Periodontal Therapy Via Subgingival Instrumentation with Adjunctive Use of Essential Oils**

Holger Jentsch, University of Leipzig, Germany

16:55 **Microbial Molecular Targets for Components of Essential Oils**

Smaranika Pattnaik, Sambalpur University, India

17:15 **Ayurvedic Concept of Shatkriyakala in Cancer Diagnosis and its Correlation with Modern Science**

Deepak Kumar Semwal, Uttarakhand Ayurved University, India

17:35 **Sustainable Management of Medicinal Plants Through Application of Michel Porter's Value Chain Analysis: A study on the Gandamardan Mountain in Odisha**

Arka Kumar Das Mohapatra, Sambalpur University, India

17:55-18:45 Poster Presentations

Poster Presentations

- TMed-01** **Antimicrobial Activities of Some of the Alien Invasive Plants Used in Treatment of HIV/AIDS Related Symptoms by the Traditional Healers of Vhembe District Municipality**
Sipho Glen, University of Venda, South Africa
- TMed-02** ***In vitro* Antiproliferative Activity of *Centaurea iberica* Trev. Ex Sprengel (Asteraceae) on MCF-7 Breast Cancer Cell Line**
Ciler Kartal, Trakya University, Turkey
- TMed-03** **Antiproliferative Activity of *Centaurea diffusa* Lam. (Asteraceae) on MCF-7 Breast Cancer Cell Line**
Fulya Dilek Gokalp, Trakya University, Turkey
- TMed-04** **Effect of Light Quality on Growth and Plumbagin Production of *in vitro* Plantlet of Selected *Drosera spp.***
Phitthak Inthima, Naresuan University, Thailand
- TMed-05** **The Effect of Palm Pollen on the Result of Fertility Rate in Infertile Men**
Athar Rasekh Jahromi, Jahrom University of Medical Sciences, Iran
- TMed-06** **Comparing the Effects of *Nigella Sativa* + black Pepper with Letrozole + Tamoxifen in Infertile Woman with Polycystic Ovary Syndrome**
Athar Rasekh Jahromi, Jahrom University of Medical Sciences, Iran
- TMed-07** **Some Medicinal Plants Used as Folk Medicine for Endocrine System Diseases Around European Turkey**
Gulden Yilmaz, Trakya University, Turkey
- TMed-08** **Antioxidative Capacity of *Ephedra nebrodensis* Herb Extracts**
Saida Ibragic, University of Sarajevo, Bosnia and Herzegovina
- TMed-09** **Rosemary Water: A Turbo Charger for the Brain**
Jemma McCreedy, Northumbria University, United Kingdom
- TMed-10** **Effects of *Ganoderma lucidum* Polysaccharides on Adipocyte Differentiation of Mouse 3T3-L1 Preadipocytes**
Ying Wang, Zhejiang Chinese Medical University, China
- TMed-11** **Erythrosaponins A-J, Triterpene Saponins from the Roots and Stem Bark of *Gardenia erythroclada***
Sutin Kaennakam, Chulalongkorn University, Thailand
- TMed-12** **Antibacterial Activities of *Arundo donax* Rhizomes Extracts**
Kanoktip Pansuksan, Thammasat University, Thailand

- TMed-13** **Understandings About Homeopathy: How Much are We Willing to Relinquish?**
Tass Holmes, The University of Melbourne, Australia
- TMed-14** ***Artemisia roxburghiana* - An Indian Medicinal Plant with Ethnobotanical and Pharmacological Importance**
Ankit Kumar, Uttarakhand Ayurved University, India
- TMed-15** **Phytochemical and Therapeutical Significance of *Drimia indica* - an Ayurvedic Herb**
Sonali Aswal, Uttarakhand Ayurved University, India
- TMed-16** **Medicinal Plants of Panama 2: Ethnobotany of the La Tronosa Forest Reserve, Province of Los Santos**
Nilka Lineth Torres Stanziola, University of Panama, Panama
- TMed-17** **Antibacterial, Anticancer and Antioxidant Potential of Silver Nanoparticles Engineered using *Trigonella foenum-graecum* Seed Extract**
Shivangi Goyal, The IIS University, India
- TMed-18** **Phytochemical Study and Biological Activities of Essential Oils, Hydrosols and Extracts of *M. suaveolens* Ehrh. From Moroccan Middle-Atlas**
Nadia Zekri, Mohammed V University, Morocco
- TMed-19** **Black Cohosh (*Actaea racemosa* L.) Extracts or Pure Compounds Act as HDAC1 Agonists/Antagonists in Ovarian Granulosa, Colon Cancer and Breast Cancer Cells**
Gail B Mahady, University of Illinois, IL, USA
Nishikant Raut, Rashtrasant Tukadoji Maharaj Nagpur University, India
- TMed-20** **Root extracts of *Nymphaea odorata* Inhibit the Growth of *Helicobacter pylori* and Induce Apoptosis in Gastric Cancer Cell Lines AGS and NCI-N87**
Gail B Mahady, University of Illinois, IL, USA
Nishikant Raut, Rashtrasant Tukadoji Maharaj Nagpur University, India
- TMed-21** **Methyl Gallate Isolated from *Nymphaea odorata* Aiton (*Nymphaeaceae*) Induces Apoptosis in MCF-7 Cell Lines by Increasing the Bax/Bcl-2 Ratio and Inducing Caspase 3/7**
Gail B Mahady, University of Illinois, IL, USA
Nishikant Raut, Rashtrasant Tukadoji Maharaj Nagpur University, India
- TMed-22** **Extracts of *Dillenia indica* L. and *Anogeissus leiocarpus* (DC.) Guill. & Perr. Induce Apoptosis Via the Caspase 3/7 Pathway**
Gail B Mahady, University of Illinois, IL, USA
Nishikant Raut, Rashtrasant Tukadoji Maharaj Nagpur University, India
- TMed-23** ***Tandok* and *Tawak*: Marinduque's Culture of Non-Medical Alternative of Curing Animal Bites**
Benjamin O. Sosa III, University of the Philippines-Manila, Philippines

- TMed-24** **Reduction of Asthmatic Parameters by Fresh Raw Garlic Extracts in Experimental Allergic Asthma**
Dawon Kang, Gyeongsang National University, South Korea
- TMed-25** **Fungicidal Mechanisms of Action of Apigenin Isolated from Traditional Medicine *Aster Yomena***
Heejeong Lee, Kyungpook National University, South Korea
- TMed-26** **Modulation of Macrophage Polarization by Sea Hare Hydrolysates Through P38 MAPK/NF- κ B Signaling**
Marie Merci Nyiramana, Gyeongsang National University, South Korea
- TMed-27** **Hepatoprotective Effects of Oyster-Derived Tyr-Ala peptide on Fulminant Hepatitis Through Down-Regulation of MAPK/NF- κ B Signaling Pathways**
Adrian Syawaluddin Siregar, Gyeongsang National University, South Korea
- TMed-28** **Medical Plant Extracts as Inhibitors of Viral Attachment and Entry in an Experimental Model of HSV-2 Infection**
Marianela Patzi Churqui, Gothenburg University, Sweden
- TMed-29** ***Asteris radix* Attenuates Testosterone-induced Benign Prostatic Hyperplasia in Rats**
Hye Yun Jeong, ChungNam National University, South Korea
- TMed-30** **The Combination Effects of *Stauntonia hexaphylla* and *Cornus officinalis* on Benign Prostatic Hyperplasia in LNCaP Cell Line**
Da-Young Jung, ChungNam National University, South Korea
- TMed-31** **Effect of Aqueous Extract of *Liriope platyphylla* on the Urban Particulate Matter Induced Dry Eye Syndrome *in vitro* and *in vivo***
Bongkyun Park, Korea Institute of Oriental Medicine, South Korea
- TMed-32** **The Effect of Acetone and Aqueous Crude Leaf Extracts from *T. alliacea*, *T. simmleri*, and *T. violacea* on the Viability of RAW 264.7 Macrophage Cell Line**
Samkeliso Takaidza, Vaal University of Technology, South Africa
- TMed-33** **Evaluation of the Activity of Traditional Medicine Extracts in Inducing Killing of *Mycobacterium tuberculosis* by Human Macrophages**
Lubabalo Macingwana, Walter Sisulu University, South Africa
- TMed-34** **Cosmeceutical Activities of Active Composite JCL1 Containing the EtOH Extracts of *Daphne odora*, *Pseudocydonia sinensis* and *Rosa rugose***
Ha-Neul Ham, Woosuk University, South Korea
- TMed-35** **Aquaporin-4 Mediates β -amyloid-induced Apoptosis in Rat C6 Glioma Cells**
Yang, Seun-Ah, Keimyung University, South Korea
- TMed-36** **Alpha-Glucosidase Inhibitory and Antioxidant Activities of Chemical Substances from the Wood of *Derris reticulata* Craib**
Nantiya Joycharat, Prince of Songkla University, Thailand

- TMed-37** **Hepatoprotective Effect of *Achyranthes aspera* Extract on Non-alcoholic Fatty Liver in Mice**
Yong Ki Park, Korea Institute of Oriental Medicine (KIOM), South Korea
- TMed-38** **Effect of Stevia 's Leave Extract, Stevioside, on Pro-inflammatory Cytokines Release in Human Monocytic Cells**
Chaiwat Boonkaewwan, Kasetsart University, Thailand
- TMed-39** **Cytotoxic Effect of *Ophiocordyceps sinensis*'s Extract in Dog Peripheral Blood Mononuclear Cells**
Jatuporn Rattanasrisomporn, Kasetsart University, Thailand
- TMed-40** **Effectiveness of SKT Meditation in Diabetes Mellitus Patients**
Waraporn Boonkaewwan, Srinakharinwirot University, Thailand
- TMed-41** **Acupoints Selection Characteristics of Acupuncture for Insulin Resistance by Data Mining**
Wei Yi, Guangzhou University of Traditional Chinese Medicine, China
Zhixing Li, Guangzhou University of Traditional Chinese Medicine, China
- TMed-42** **Effects of the Chinese Herbal Medicine Mixture 919 Syrup on the Isolation Stress Response in Postpartum Mice**
Pengfei Gao, Jinshan Hospital of Fudan University, China
- TMed-43** **Effects of 919 Syrup on the Ghrelin Signaling of the Maternal Stress Model**
Yuemei Xu, Jinshan Hospital of Fudan University, China
- TMed-44** **A Randomized, Double-Blind, Placebo-Controlled Study of Thai Herbal Recipe in Advanced Hepatocellular Carcinoma**
Tanawan Kummalue, Mahidol University, Thailand
- TMed-45** **Essential Oils as Ecofriendly Preservatives for Cultural Heritage**
Eman Osman, Chemical Metrology Division, National Institute of Standards, Egypt
- TMed-46** **Effects of Rhizome Extract of *Dioscorea batatas* and its Active Compound, Allantoin on Skeletal Muscle Dysfunction in High Fat Diet/Streptozotocin-induced Diabetic Mice**
Hyo Won Jung, College of Korean Medicine, South Korea
- TMed-47** **Phenolic Contents, Antioxidant and Anti-Inflammatory Activities of *Asparagus cochinchinensis* (Loureiro) Merrill**
Beong Ou Lim, Konkuk University, South Korea
- TMed-48** **DNA Protection, Total Phenolics and Antioxidant Potential of the Bilberry (*Vaccinium myrtillus* L.)**
Beong Ou Lim, Konkuk University, South Korea
- TMed-49** **A Systematic Review on Bushen Huoxue rifice in Treating Patients Suffering from Diminished Ovarian Reserve**
Ma Kun, Xi Yuan of China Academy of Chinese Medicine Sciences, China

Wednesday, October 17

Session 7

@ Royal Hall 2

• Toxicology Studies of Plant Products

Chairs: *Charles M Heard, Cardiff University, United Kingdom*
Sathees Raghavan, Indian Institute of Science, Bangalore, India

08:30 **Provitamin A Carotenoids should be Considered as Food Fortificants to Mitigate Hypervitaminosis A**

Sherry Tanumihardjo, University of Wisconsin-Madison, WI, USA

08:50 **Potential of Pomegranate Rind Extract in Wound Healing**

Charles M Heard, Cardiff University, United Kingdom

09:10 **Traditional Vietnamese Medicine Toxicity**

UyenVy Doan, Cho Ray Hospital, Vietnam

09:30 **Efficiency of Medicinal Plant Extracts in Controlling Rice Weevil, *Sitophilus oryzae* (L.) (Coleoptera: Curculionidae)**

Chananat Kaewmanee, Mahidol University, Kanchananaburi Campus, Thailand

09:50 **Dietary Intake of Chywanprash Induces Intrinsic Apoptosis in Cancer Cells and Tumor Regression in Mice**

Sathees Raghavan, Indian Institute of Science, Bangalore, India

10:10 **Unintentional Ingestion of Cordyceps Fungus-infected Cicada Nymphs Causing Ibotenic Acid Poisoning in Southern Vietnam**

UyenVy Doan, Cho Ray Hospital, Vietnam

10:30 **Coffee Break**

@ Foyer Area

Session 8**@ Royal Hall 2**

- **Advanced Analytical Techniques for Phytochemicals**
 - **Chinese, Japanese and Korean Traditional Medicine**
-

Chair: **Yanmin Zhang**, Xi'an Jiaotong University, China**10:45** **Activity Evaluation of Natural Active Compounds Targeting on Cancer Tyrosine Kinase Receptors of Eph**

Yanmin Zhang, Xi'an Jiaotong University, China

11:05 **Anticoagulant, Antithrombotic, and Antiplatelet Activity of Betulinic Acid and 3 β Acetoxybetulinic Acid from *Melaleuca bracteata* 'Revolution Gold'**

Foluso O. Osunsanmi, University of Zululand, South Africa

11:25 **Tuina Treatment of Craniomandibular Dysfunction**

Sabine Zeitler, SMS – Societas Medicinae Sinesis, Germany

11:45 **Utilising Grape Marc for the Cultivation of *Ganoderma* Strains of Medicinal Mushrooms in Australia**

Anh N.H. Nguyen, The University of Adelaide, Australia

12:00 **The Effect of Acupuncture Treatment of Acupoint San Yin Jiao on the Pulse Diagnoses in Patients While Dysmenorrhea is Attacking**

Chen-Kai Liao, National Taiwan University, Taiwan

12:20 **What Makes Vietnamese Medicine Original?: The Modern History of Traditional Medicine in North/South Vietnam**

Nara Oda, Kyoto University, Japan

12:35- Lunch & Departures**@ Crown Room**

We wish to see you
at
TMedPM-2019
